MAX PEBERDY

ABOUT ME

I'm a creative, hardworking, someone who looks to only publish content that I am 100% happy with and that it is something that I believe is the best quality that I can produce. I'm also a quick learner and always looking for advice on how I can improve my work. Along with my skills with operating a TV camera and a handheld video camera, I can take that footage of the camera and edit it in a short amount of time. I like working in fast paced surroundings as I prefer to work to a deadline. Also, I believe that I can take a national story and with enough time, will be able to make it regional if necessary.

SKILLS

Ability to use adobe editing software
Basic camera operating (TV and handheld)
Use and post on social media (Instagram and Twitter etc.)
Full UK driving license
Knowledge of media law
